Originally from Poland, I have been living in the Netherlands for 8 years now. I am a recent graduate from the **Fullstack Academy at Codaisseur**. After 8 years of working in logistics, I decided to take a big step in my life and change my career path entirely.
I aim to combine my people-centered background with the new programming skills I have acquired. I am looking for a company where I can grow as a developer and be trusted as a junior. The use of modern technologies is important to me as it will allow me to stay up-to-date and continuously improve my skills.

🎓 Education

Codaisseur Academy, *Full Stack Developer*
2022 – 2022 | Amsterdam, Netherlands
The program's intense pace and focus on hands-on learning gave me a lot of insight and inspiration for growing in the world of developers. I discovered my potential and hope for a new profession. I now possess the skills necessary to develop and design responsive web applications, with good knowledge of React, GraphQL, and other JavaScript frameworks. Thanks to the training at the Fullstack Academy at Codaisseur, I am now more confident in my abilities and eager to embark on my career as a developer.

Technical High School in Computer Science
